

## Mitra Emisi Bersih Study for The Implementation of Passenger Car Regular Inspection in Jakarta

### Implementing agencies:

Province Of DKI Jakarta Agency For Communication

### Main contact person:

Mr. Karya Er Sada  
Chief of MEB Study Team / Project Officer  
(+62-21) 5205494/5  
(+62-21) 5205494

### Major Objectives/Outputs

MEB indicates that vehicle inspection and maintenance is one aspect relating air pollution which comes from vehicle emission. In term of passenger car we know about activity of Periodical / Regular Inspection, in Indonesian term is KIR.

MEB want to know about the implementation and process in KIR operation so that we could give some recommendation as if that is need to reformulate or repair in order to improving to air quality by clean emission.
