

## Testimonials from Participants of Asia Clean Energy Forum 2007

“... It was one of the best conferences I've been to...[with] quality speakers from all over the world. I [was] glad to be a part and learn from the event.”

Prasert Sinsukprasert  
Ministry of Energy, Thailand

“The forum was very informative and well organized.”

Seiichiro Nishida  
Mitsubishi UFJ Securities Co., Ltd., Japan

“...The topics on policy and finance challenges are very relevant to the programs and activities of the Department of Energy.

The side event on lighting efficiency also gave [Department of Energy staff] an opportunity to share our initiatives with other countries ... and it was both interesting and beneficial...”

Raquel S. Huliganga  
Department of Energy, Philippines

“...It is a very interesting event especially from the perspective of diversity of the attendance background...with private and commercial sector...academic and research institutions... and international NGOs “

Nyoman Iswarayoga  
Yayasan Pelangi Indonesia

“...The forum was very informative and very well organized. It will surely help our company with efficient lighting projects within our franchise area...”

J. Rafael U. Paguio  
Cagayan Electric Power and Light Co., Philippines

“... excellent hosts...positive atmosphere...[and] high caliber attendees who are working to implement a range of viable solutions...I learnt a lot and made some excellent contacts with people I am sure I will meet on the journey ahead”

Peter Castellas  
Clean Technology Australia
