

GROUP REPORT

East Africa

STRATEGY/ACTION PLAN

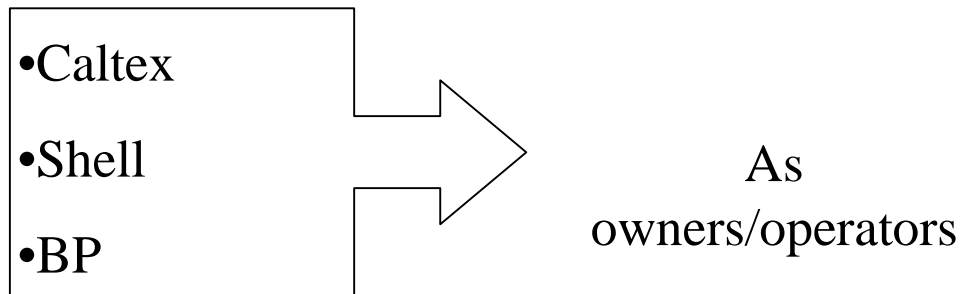

- Identify key enablers:
 - Who will make this happen?
 - Need working committee
 - Paper presentation for key stakeholders: MOE, MOH, Industry/Trade Standards Body
 - IPIECA to contact industry players: provide data
- Sub-regional follow-up meeting
- Determine sub-regional follow-up committee composition
- Investigate appropriate role for UNEP progress
- Small investigation/survey of options with industry for way forward
- Consider pilot marketing study in Mombasa

ACTIONS

- 1a. Restrict imports to unleaded only
- 1b. Explore options for reducing lead content in existing KPRL output in advance of any refinery investment/reconfiguration IPIECA's role to facilitate industry discussions on octane strategies.

- 2. Hold discussions between

- Ministry of energy/Govt. as owners

on future plans for KPRL.
